Statement of Interest

For: Cathedral City Public Art Benches at Ocotillo Park

From: Diane Morgan

I have a strong interest in creating public projects in the Coachella Valley. Public Art enhances the vitality and beauty of our environments.... engages residents to enjoy and participate more fully in their community.

I have painted public art projects in Indio, Palm Desert, Cathedral City and Palm Springs. I am honored to have been able to participate and contribute to the wonderful public art programs each city provides.

Thrilled to have been selected to create four paintings for the tiles that tell the story of the wonderful work of Ofelia Bringas on the bridge dedicated in her honor, I look forward to adding another unique and artistic project to Cathedral City's Public Art Program in Ocotillo Park.
