This Agreement Regarding the Ramon Road Widening Project ("Agreement") is entered into this \_\_\_ day of \_\_\_\_\_, 20\_\_\_ ("Effective Date"), by and between the CITY OF PALM SPRINGS, a California municipal corporation ("Palm Springs"), and the CITY OF CATHEDRAL CITY, a California municipal corporation ("Cathedral City") and the COACHELLA VALLEY WATER DISTRICT, a public agency of the State of California ("CVWD"). Palm Springs, Cathedral City, and CVWD are sometimes referred to herein individually as a "Party" or collectively as "Parties". Palm Springs and Cathedral City are sometimes referred to herein collectively as "Cities".

### RECITALS

- A. Palm Springs is administering a project to widen the road bridge ("Project") of Ramon Road over the Whitewater River Stormwater Channel ("WWRSC").
- B. CVWD operates and maintains the WWRSC on Assessor's Parcel Number ("APN") 680-170-014, 680-170-053, and 677-420-023 as a regional flood conveyance and control channel to protect human life and property and for related purposes ("CVWD Stormwater Facilities").
- C. CVWD holds certain stormwater easement rights on APN 680-170-014, 680-170-053, and 677-420-023 (collectively "CVWD Property").
- D. CVWD previously issued Encroachment Permit 040517-4-002 to the Riverside County Road Department on June 9, 1981 to construct the existing road bridge. However, said Encroachment Permit was never assigned or otherwise transferred to the Cities in order to formally permit the construction and location of the existing road bridge.
- E. The Project will impact CVWD Stormwater Facilities and will encroach on CVWD Property.
- F. The Parties desire to enter into this Agreement to establish the responsibilities of each Party.

NOW THEREFORE, THE PARTIES AGREE TO THE FOLLOWING:

### AGREEMENT

- F. Prior to construction of the Project, submit the Project's construction plans ("Plans") to CVWD for CVWD's review and approval, which shall not be unreasonably withheld. CVWD shall approve or disapprove the Plans in writing within a reasonable amount of time after submittal to CVWD. H. To provide certain insurance requirements, including the following:

- i. Cities, along with any contractors or subcontractors of the Cities, shall throughout the term of the Agreement, comply with and maintain the insurance coverages described in the Exhibit A.
- ii. CVWD's insurance requirements are periodically updated to reflect adjustments in insurance amounts and types of coverage. CVWD will provide written notice to the Cities of changes in the insurance requirements, after which the Cities will have thirty (30) calendar days within which to implement any changes and provide proof of coverage.

I. To provide certain operation and maintenance responsibilities, including the following:

- i. Operate and maintain the Project and the existing road bridge.
- ii. Maintain concrete aprons and associated cutoff walls beneath the bridge, as detailed in Exhibit C.
- iii. Prohibit and enforce, to the extent permitted by the law, the prohibition of camping or overnight occupancy on the Project. Post appropriate signage at the Project location to provide notices of these prohibited activities.
- iv. Maintain reasonable security precautions and programs to protect the Project against vandalism, graffiti, theft, arson, or other similar actions.
- v. Allow CVWD access for purposes related to the operation, maintenance, and repair of CVWD Stormwater Facilities.
- vi. Cities shall notify CVWD Right-of-Way Division a minimum of 72-hours for any planned maintenance activities by Cities' staff.
- vii. For emergency repairs and maintenance, the Cities shall endeavor to notify CVWD as soon as possible about the emergency repairs.
- viii. If the Cities contract any of the operations, maintenance, repairs, and construction work, the Cities' contractor shall apply for a construction permit with CVWD Right-of-Way Division and comply with all the requirements including insurance and indemnification. The Cities' Contractor (as defined herein) shall allow for a minimum of 30 calendar days for CVWD to process the construction permit.

J. To follow certain pre-construction requirements, including the following:

- i. Following receipt of CVWD's approval of the Plans and prior to construction, Cities shall do the following:

- a. Employ, a qualified contractor or contractors (collectively, "Cities' Contractor") properly licensed by the State of California, to construct and complete the Project.
- b. Invite a CVWD representative to any pre-bid meetings for the Project.
- c. Require Cities' Contractor to hold a preconstruction meeting with CVWD a minimum of 7 calendar days before mobilization to the Project. At such meeting there shall be at least one (1) representative of CVWD, Cities and Cities' Contractor. At such meeting (or, prior to), Cities shall pay to CVWD an inspection services deposit for inspection services required by CVWD. CVWD shall deduct from said inspection services deposit all reasonable expenses of CVWD, including, but not limited to, CVWD's agents, employees, consultants, or independent contractors, to inspect the Project. CVWD shall handle such deposit consistent with CVWD's rules, regulations and procedures with respect to such deposits. The inspection services deposit is a minimum required amount and may be modified in CVWD's sole discretion, based on the project size, complexity, or impacts to CVWD. CVWD may elect to use consultants to perform the inspection services for this Project based on either technical needs and/or staff availability.

Cities shall indemnify CVWD for all claims, losses, damages, liabilities and expenses resulting from any liens filed against Project in connection with such charges; provided, however, that Cities shall have the right to contest any such lien, so long as it provides a statutory bond or other reasonable assurances of payment that either remove such lien from title to the Project or that assure that any adverse

judgment with respect to such lien will be paid without affecting title to the Project.

- v. The Project shall be installed in strict compliance with the approved Plans. Any request for deviations from the approved Plans related to CVWD's Stormwater Facilities must be submitted to CVWD in writing by the Cities and shall include approval by the Project's engineer-of-record. The Cities shall provide CVWD with 21 calendar days to review and approve any proposed changes to the approved Plans. CVWD shall not be responsible for any cost or schedule impacts due to any changes to the Plans except to the extent caused by not reviewing and approving proposed changes to the Plans in a timely manner. At Cities' sole risk, Cities' Contractor may construct CVWD facilities that deviate from the approved Plans. However, the deviated work is subject to rejection at no cost to CVWD, if CVWD does not subsequently approve the proposed changes to the Plans.
- vi. Construction of the Project will be limited to the Temporary Construction Easements as shown in Drawing Nos 49187 through 49203. The Temporary Construction Easement shall expire when the Cities files and records a Notice of Completion with the County of Riverside.
- vii. Cities shall provide CVWD representatives with reasonable access for inspection purposes. It is understood and agreed that CVWD's inspection personnel shall have the authority to enforce the Plans with the Cities. Nothing herein shall be construed to grant CVWD direct control over Cities' Contractor or anyone but Cities or its designee. CVWD's inspection does not include inspection for compliance with safety requirements by Cities' Contractor. Any inspection completed by CVWD shall be for the sole use and benefit of CVWD, and neither Cities nor any third party shall be entitled to rely thereon for any purpose. CVWD does not undertake or assume any responsibility for or owe a duty to select, review or supervise the creation of the Project. CVWD shall direct all concerns regarding the construction of the Project to the Cities.
- viii. Upon completion and acceptance of the Project, Cities shall provide CVWD a recorded copy of the Notice of Completion.

**2. OTHER INSURANCE PROVISIONS.** All of Developer's policies shall meet the following requirements and contain all specified provisions/endorsements noted hereunder.

(a) Insurers shall provide CVWD at least thirty (30) days prior written notice of cancellation of any policy required by this Agreement, except that insurers shall provide at least ten (10) days prior written notice of cancellation of any such policy due to non-payment of premium. In the event any insurer issuing coverage hereunder does not agree to provide notice of cancellation to CVWD, Developer shall assume such obligation and provide written notice of cancellation in accordance with the above. If any of the required coverage is cancelled or expires during the term of this Agreement, Developer shall deliver renewal certificate(s) including endorsements to CVWD at least ten (10) days prior to the effective date of cancellation or expiration.

(b) The Commercial General Liability Policy and Automobile Policy shall each contain a provision stating that Developer's policy is primary insurance and that any insurance, self-insurance or other coverage maintained by CVWD or any additional insureds shall not be called upon to contribute to any loss.

(c) All required insurance coverages shall contain a provision, or be endorsed, to waive subrogation in favor of the Coachella Valley Water District, its employees, directors, officers, and agents or shall specifically allow Developer to waive its right of recovery prior to a loss. (d) If at any time during the life of the Agreement, any policy of insurance required under this Agreement does not comply with these specifications or is canceled and not replaced, CVWD has the right but not the duty to obtain the insurance it deems necessary, and any premium paid by CVWD will be promptly reimbursed by Developer. In the alternative, CVWD may cancel this Agreement.

(e) CVWD may require Developer to provide complete copies of all insurance policies and endorsements in effect for the duration of the Agreement.

**4. LIABILITY NOT LIMITED.** Defense costs shall be payable in addition to the limits set forth herein. Requirements of specific coverage or limits contained herein are not intended as a limitation on coverage, limits, or other requirement, or a waiver of any coverage normally provided by any insurance. The limits set forth herein shall apply separately to each insured against whom claims are made or suits are brought, except with respect to the limits of liability. Further the limits set forth herein shall not be construed to relieve Developer from liability in excess of such coverage, nor shall it limit Developer's indemnification obligations to CVWD and shall not preclude CVWD from taking such other actions available to CVWD under other provisions of the Agreement or law.

**5. AVAILABLE LIMITS.** Notwithstanding the minimum limits set forth above, any available insurance proceeds in excess of the specified minimum limits of coverage shall be available to the parties required to be named as additional insureds.
