Please accept this as my application and letter of intent for The Cuscuta Park Beach Project. Attached is a sketch along with a colorful image of proposed work, my resume and samples of previous work.

I am a Colorado based artist, but have been in the Palm Springs area many times.

One of my installations/projects was a mural inside the Palm Springs Art Museum. The opportunity was one of the most exciting ones. As part of this year long installation, I was invited to an event sponsored by local artist radio host, K23.2, a Patrick Brown, to talk about my inspiration, techniques, materials.

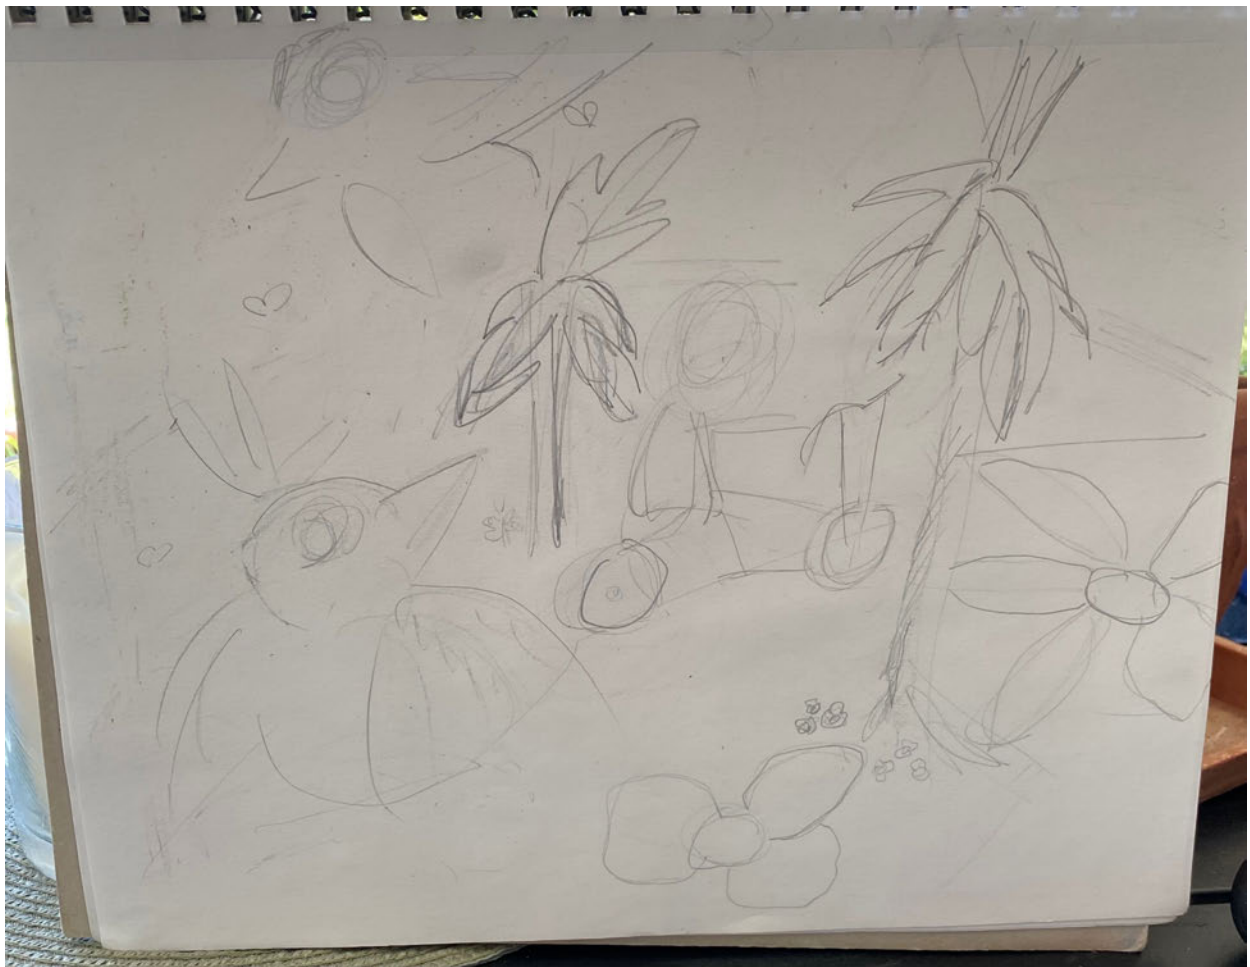

My vision for an art beach is an oasis of peace and reflection. A place to let your mind wander and provide a respite from the day. A center place for the diverse community events and family gatherings that happen at Cuscuta Park.

The vibrant image I'm sending for consideration is inspired by many visits to the Coachella Valley. A place where nature meets the rules of the desert. I plan to add words and subtle images - settings, colors, textures - to all surfaces of the beach.

I am confident that I can complete this project within the allotted time frame.

I am looking forward to the challenge.
