My intent with this bench design is to bring a moment of zen and rest to park goers as they both see a stenciled koi and sit on the bench. The vibrant orange is reflective of the state flower. The California poppy. Koi ponds are found through the world in both public and private parks.

Great spirits have always encountered violent opposition from mediocre minds.

Thank you for your submission! One thing I did notice is that your application is missing a statement of interest about this project. Can you please forward your statement and then your application will be complete.

The Public Arts Commission looks forward to reviewing your submission and will be in touch if they have any questions. Once the deadline for submissions has passed the Commission will meet to discuss. Once the artists are selected, a member of the Commission will be in touch.

If you have any further questions, please let us know. Thank you for your interest!

Hello,

My names Jeremy Novy. I'm a new resident to Cathedral City and am excited about the potential of adding to the cities growing public art. I am an internationally know stencil street artist most recently working with the Asian Art Museum in San Francisco and the Ogden Museum of Southern Art. I've worked with city projects throughout the country and most recently on the Chicago transit authority.

Thank you for your time. -Jeremy Novy
