RE: Resignation from Planning Commission

Dear Tracy:

It is with great sadness that I tender my resignation from the Planning Commission effective immediately. I do so only because I have moved my primary residence from Cathedral City to La Quinta.

I want to thank you, the City Council, and the dedicated members of the Planning Department for an incredible experience. I care very much about Cathedral City and its future. I have genuinely enjoyed my time on the Commission, and hope that I have done some good.

I look forward to watching the city and the Commission for many years to come.

Very Best,

Skye Daley
